Mark,

It was a pleasure to meet you as well and am copying my colleague, [REDACTED] this communication as well. Thanks for all the resources and will be sure to get back in contact in the near future. Any problems or concerns, please feel free to contact me.

-Charlie

Subject: Strynar call follow-up

Charlie,

It was great to chat. Sorry I didn't catch your colleagues last name to include him. I am ccing Andy and James so you have their contacts in case you have any follow-up questions.

Here is some info we can share now. This paper [REDACTED]
assessment of any other PFAS we had not yet described in Strynar et al., 2015 and Sun et al., 2016.

Also find attached a presentation I made in SETAC 2104 on behalf of Andy Lindstrom for our work on PFAS in the Upper Caper Fear drainage basin due to biosolid application.

Let me know if you have any follow-up questions.

Mark
